

PAH Week 2008

The Kurt Aaron Oration

**Professor Michael Lucey
discusses “The future of
liver transplantation”**

The Kurt Aaron Oration is the annual highlight of PAH Week. This year’s orator, Professor Michael Lucey, is Chief of the Division of Gastroenterology and Hepatology. He has clinical interests in Hepatology and liver transplant medicine, with research interests including: alcoholic liver disease, viral hepatitis, and care of patients before and after liver transplantation.
